TITLE

Employee Engagement, Support and Wellbeing App - Topic 7

ARTICLE

FINALIST - TOPIC 7

In 2022, Tillicoultry Quarries commissioned an employee survey to understand employee sentiments, thoughts and feedback on a number of themes across the business including health and well-being. The survey results concluded employees would like to see more health and well-being initiatives, including ones focused on mental health awareness.

Reflecting on the feedback from employees, it was decided that a bespoke employee app would help the business support its employees' health and well-being. Importantly, the app would ensure accessibility for all employees and 24/7 access to support. The APP includes GP and mental health support, free counselling sessions, retail discounts and hosts payslips.

Please watch the video to learn more about the APP
