

Keep everything spick and span

Make proper provision for regular cleaning and sanitising of tools, equipment, surfaces and contact points

What should I be cleaning?

- Your workstation, keyboard, phone, battery chargers
- Your workbench before and after work
- Your tools and equipment – before and after use
- Your vehicle cab – including external door handles before and after use
- Your control panel especially buttons, levers and switches – with appropriate cleaning materials
- Any utensils you use in canteens

If you cannot undertake the task safely - STOP

*Wash your hands . . . Maintain social distancing . . .
Clean your equipment . . . Maintain discipline*
