## TITLE

Kiln Workshop Guide 1: Maintenance

## ARTICLE

This document concentrates on a relatively narrow set of health and safety priorities specific to planned Kiln Maintenance in the UK.

The recommendations should be considered as part of an overall risk assessment. Subjects covered include:

- \* Control and Supervision
- \* CDM Regulations
- \* Contractors
- \* Isolation
- \* Tools, Equipment and Plant
- \* Other issues (including unplanned maintenance)
