TITLE	
Preventing falls from LGV cabs. JOINT WINNER - Topic 5	

ARTICLE

JOINT WINNER - SAFER TRANSPORT AND LOGISTICS

Heidelberg Materials have developed a programme to encourage drivers to access and egress cabs more safely by further developing the concept of 3 points of contact.

Please view the video to see the range of initiatives they introduced.

The attached pdf of the entry form includes images of the signage used and you can follow this link to the training video produced to support the programme.
