

Entry Deadline Extended for MPA's Health & Safety Awards

Health & Safety
Awards

The deadline for entering the MPA's Health and Safety Awards has been extended to **Thursday 18th April** in response to members seeking extra time to be able to submit their entries.

Sharing of best practice is a major contributor to the prevention and recurrence of serious incidents. Whether your submission is a winner or receives a Certificate of Participation, it all contributes to a safer and healthier workplace.

MPA looks forward to receiving your entry/entries, thereby aiding the industry's drive towards Zero Harm.

The 2019 Scheme is **open to all** with an interest in health & safety. MPA welcomes entries from every organization in the supply chain, including **MPA Members; non-Members; Contractors; Consultants; Manufacturers; Suppliers; Regulators; etc.** As an MPA Member, do also consider making **joint entries** with a contractor, a supplier, or perhaps a joint venture partner.

Follow the links to www.safequarry.com & www.safeprecast.com to access the individual entry forms for each of the Topic Categories. Enter as many of the Categories as you like, but there is a **maximum of 16 entries, excluding joint entries, per member company.** Consequently, entrants from the major companies may wish to clear their entry through their H&S department.

Please read the '**Entry Criteria Guidance**' and '**Image Guidance**' – all available on safequarry.com and safeprecast.com, along with the latest in the line of MPA 'Sharing Good Practice' guides that contain links to previous winning entries.

Send your entries to: hsawards@mineralproducts.org by Thursday 18th April and you could be receiving one of the trophies, pictured, at the MPA Health and Safety Awards.

If you have any questions, please contact Ian Gibson and David Yelland at hsawards@mineralproducts.org in the first instance.
