

Mineral Products Association Members' Direct

Issue 2 | January 2024

The trade association for the aggregates, asphalt, cement, concrete, dimension stone, lime, mortar and industrial sand industries

MPA Regions – Health & Safety Activity in 2024 Save the Dates

Upcoming Health & Safety activity for all members, organised by the MPA Regions and Health & Safety Teams.

- **Wednesday 31st January – 10am**
Safer by Sharing Webinar: Do Not Disrespect LOTOTO
- **Thursday 14th March – 2pm**
Safer by Sharing Webinar: Do Not Disrespect LOTOTO

The two webinars are being held in conjunction with Associate Member, Reece Safety. Given by the Head of Training at Reece Safety, Mark Wright, they are intended to refresh the subject of LOTOTO and serve as a reminder of how simple actions with padlocks can save lives. The webinar will aim to reinforce the critical need for LOTOTO and to challenge people to reflect on the subjects raised.

Registration and further information about the webinars will be circulated shortly.

- **Thursday 11th April**
Midland Region Health & Safety Awareness Day
(held at Tarmac National Skills & Safety Park, Nottinghamshire)

Covering topics including mental health, working at height, dealing with conflict, LOTOTO and isolation. Booking information will be available later in January.

Please contact neal.weston@mineralproducts.org or jane.blake@mineralproducts.org for more information or to register your interest in the webinars or the Safety Day.

VISION ZERO SAFE & WELL EVERY DAY

'The FATAL 6'

- | | | | | | |
|---|--|----------------|---|------------------------------------|------------------------|
| 1 | 2 | 3 | 4 | 5 | 6 |
| Contact with moving machinery and isolation | Workplace transport and pedestrian interface | Work at height | Workplace Respirable Crystalline Silica | Struck by moving or falling object | Road Traffic Accidents |

Mitigating high consequence hazards

Six Values that will help to keep us all safe
