

MPA Safer and Healthier by Leadership

Book your place now on a course that is:

- Industry-specific and tailored to your needs
- Will help you develop world class health and safety performance
- Based on interactive discussions with your peers
- Aligned with the vision zero H&S values
- On-line held over 2 x 4-hour sessions on consecutive days
- Courses delivered by a minerals industry H&S specialist

MPA has developed this popular course which over 400 industry professionals have already attended. Feedback from all sizes of organisations and industry sectors within the mineral products industry has been extremely positive.

An organisation can elect to either have a company-specific course which is tailored to their employee's needs or to send individuals on a course where they will be participating with their peers from other companies.

Who should attend?

MDs, Directors, Owners, Managers and those aspiring to move into these roles.

Why should you attend the workshop?

- To develop a strategic understanding of the true value of health and safety
- To enhance your ability to plan and implement effective risk control
- To learn about and apply good practices from leading global organisations
- To position your organisation's health and safety performance
- To identify and quantify the opportunities that good performance brings - and the consequences of poor performance
- To help your organisation deliver Vision Zero

Darren Broadhead
– Course Leader

Safer and Healthier by Leadership

What do previous attendees say about the course?

"It was very good course, well-structured and had great content. Questions weren't closed, it had a good balance between literature, theory, practical discussions and video which was enhanced by an energetic presenter. I feel energised and motivated to empower my team off the back of it. I will recommend this for all of my management team to enrol at their earliest convenience."

Tom Herrick, Quarry Manager, Mansfield Sand

"The course overall far outweighed my expectations and was extremely useful. I personally found a lot of value in the mix of people participating and the many open discussions where we learnt other people's experiences and models for working." **Danielle Thorpe, Head of Marketing & Product Development, Brett Landscaping**

"It has been a long time since I've been in a training / learning environment that left me thinking about the content and how I can apply it weeks after the event." **Glenn Henry, Aggregates Operations Manager, Whitemountain**

"Although I have been a champion of health and safety for many years – I found this course was transformational. I urge British Precast members to send their leaders, managers and health and safety specialist on this course. We have committed to Vision Zero and this course will help your organisation deliver it." **Phil Cox, President, British Precast**

When is the next course being run?

23rd and 24th February 2021 – book now to secure your place – maximum 12 attendees
