

In vehicles and mobile plant

What should I do to stay safe?

- If possible avoid sharing vehicles
- Do not be distracted by COVID-19
 - Remember to follow day to day safety rules
- Avoid getting out of your cab if possible
- Regularly clean your cab
 - Before you start
 - When you finish
 - Don't forget external contact points
- Have your own pen, bring food and drink so you can eat in cab
- Wash your hands regularly

What if I have to share?

- Ventilate cab well
- Try and face away from each other
- See if possible to use temporary see through barriers in cab

What should I do at a customer's site?

- Obey the customer site rules
- Do not let anyone else into your cab
- Stay in cab where possible
- Use contactless procedures if possible
- Avoid touching surfaces such as clip boards if possible
 - If you do, wash your hands
- Only you should conduct unloading operations
- Maintain social distancing
- Wash hands before leaving
 - Follow welfare facilities rules

If you do not think it is safe – do not deliver

*Wash your hands . . . Maintain social distancing . . .
Clean your equipment . . . Maintain discipline*
